Cricket - Physically Challenged

A really heart warming project was done on Sunday 29th May - the 12th Thakkarbapa Cricket Tournament for the physically challenged at Chikwadi Municipal garden.

In all 8 teams participated in the tournament, the amount of energy of all the players - some with one arm, some with one leg - was extra-ordinary. One legged player diving to save a run, huge hits clearing the ropes, three fours in a row, a bowler getting a hat-trick - it was all there to be enjoyed.

The opening ceremony was performed by President Ashok, secretary Mudrak and Treasurer Rajul with other dignitaries of Mumbai Physically Challenged Cricket Association and Borivli Association.

Rotary Club of Borivli had sponsored the prizes and the trophies of best bowler, best batsman, best fielder, best all rounder, runner-up.

PP Vijay Palkar, Secretary Mudrak and Ann Vanita attended the closing and prize distribution ceremony.

Rotary Club of Borivli Eye Bank steps on and on...

- The Rotary Club of Borivli's pride, **The Rotary Club of Borivli Eye Bank** has been going from strength to strength. Since inception on 15th August 2007 till date (31.5.2011) we have collected **879** eyeballs and have been instrumental in giving sight to **421** visually challenged persons. Upto 30th June 2010 the figures were 663/313.
- The biggest challenge is the creation of awareness about eye donation amongst the people and many diverse ways have been used for it.
- The Roshani programs, in addition to being fund raisers, have focused attention on eye donation.
- People now eagerly look forward to receiving the Eye bank calendars which spread the eye donation theme throughout the year.
- Eye Donation Awareness Lectures with the aid of a power-point presentation at various forums have had a deep impact

on the audience and always received positive response. The pledge cards, stickers and posters distributed at these functions have helped in keeping eye donation close to the people's mind..

- Stalls at various events have drawn appreciative crowds eager to understand the nuances of eye donation.
- An extra-ordinary effort was by the Bestnagar Sarvojanik Ganeshotsav at bestnagar Goregaon. It depicted *ganpatibapa* giving the message of eye donation to the people. They had an audio-visual presentation in the mandap outlining the need of eye donation and in the end *ganpatibapa* imploring the people to donate eyes. Eye bank banners were also put up at prominent places.
- Eye Donation Awareness Rallies done by the club have always registered an impressive attendance and helped in

directly informing the masses of the cause.

- Skit and street play have also been performed to spread the message.
- Innovative advertising on BEST buses running in Borivli, hoarding at Borivli station and print ads in Borivli Medical brotherhood monthly magazine, the web site www.rotaryeyebank.com and the facebook presence were the other initiatives taken.
- As always our partners-in-service, Inner Wheel Club of Borivli, Rotaract Club of Borivli, Interact Club of Borivli and our RCC and also the other clubs in the district have been equally active and supportive in every way.
- You are welcome to visit the eye bank and see for yourselves the work that is being done and to discuss your ideas for eye donation awareness.

Mudrak Lalaji, Secretary.

June ki Diary

03rd, Friday	Meeting Shifted
04th, Saturday	MUSIC CLINIC: Facilitator, Dr. Rahul Joshi, Prabodhan Thakre, Mini Theatre, 8.00pm to 11.00pm

GREEN TIP OF THE MONTH

Be aware

One should know the importance of growing green and the environmental implications certain actions could have. Global warming is a serious threat to our very existence.

With Best Compliments From :

Rtn. Ashwin Gala
Mahavir Optics

GREEN TIP OF THE MONTH

Spread the message

It is a must to spread the 'green message' to children, friends, family, colleagues etc. Tell them the importance of being eco-friendly.
